

“YES” Program - Cultural Training & Orientation Services

CULTURAL TRAINING & ORIENTATION in support of Youth Exchange and Study (YES) Program

High school students from the Arab and Islamic world spend an academic year in the U.S., live with a host family, attend school, and engage in activities that promote the goals of mutual understanding and leadership development.

Civilizations Exchange and Cooperation Foundation conducts training and orientation services with grantee organization staff and volunteers through the Bureau of Educational and Cultural Affairs at the U.S. Department of State. These services enhance their understanding of Islam in America and how to support the students' adjustment to the U.S., as well as provide support and resources for the students.

The American religious experience of a pluralistic society, mutual respect and tolerance is something to be felt and lived. Visit the communities and see how the religion of Islam is practiced and the positive impact it has on the immediate and surrounding communities.
